

Curtainsider

Easy access doesn't have to mean compromise when it comes to keeping product clean and secure. Morgan's Curtainsider provides protection from sun, wind, weather -- and prying-eyes; while ensuring easy access to your cargo -- regardless of its configuration.

Morgan's standard curtainside body includes a white, 28 ounce PVC-coated polyester curtain with a high-gloss, lacquered finish...But at Morgan, one style does NOT fit all! You can also choose from a variety of colors or custom-graphics, ...or even a combination of curtain and solid wall systems. And in every case, you'll enjoy the quality construction and conscientiously-designed components you EXPECT from Morgan.

Specifications - Curtainsider

HEIGHT/WIDTH DIMENSIONS							REAR DOOR OPENING	
MODEL	OUTSIDE WIDTH	INSIDE WIDTH	INDIES WIDTH AT CENTER SUPPORT	OUTSIDE HEIGHT	INSIDE HEIGHT	SIDE OPENING HEIGHT	WIDTH	HEIGHT
